Hi Vivian,

Just wanted to thank you for sending to us or dropping off the special coloured advertising brochure of our home. We have been away for almost 3 weeks and when we returned home, this brochure was in our home with other mail. I didn't realize our home looked so good! Good job.

I hope you are doing well. The market seems much slower than before. I think our sale was very timely for which we are thankful. You did an excellent job helping us sell our home. We are taking good care of our new owners home and yesterday spend time raking the back yard that was full of many, many oak leaves.

Have a nice weekend.  
Blessings,

Crawford
