Dear Vivian,

At the present day when the property market is rather slow, my husband and I could never have imagined that we could sell our Shaughnessy house and buy our new Hudson house in the short span of only one month. We credit this unbelievable success completely to you.

Having said that, I would also express our appreciation for your hard work, capability, thoughtfulness, reliability and cleverness. It was indeed an enjoyable experience to go through the process with you. You made it easy and stress-free for us. We have found an ideal new home as well as gained a new friend! Thank you very much.

Denis and I wish you continued success. We have no doubt that your new clients will be as happy and satisfied as we are.

Best regards.  
Gloria Wong
